

`std::true_type`

The diagram illustrates a C++ type hierarchy. At the top is a box representing `std::true_type`, which is divided into three horizontal sections. The top section contains the text `std::true_type`, while the middle and bottom sections are empty. Below this box is a blue arrow pointing upwards, indicating inheritance. The arrow originates from a larger, gray-shaded box at the bottom. This bottom box is also divided into three horizontal sections. The top section contains the text `wjr::is_back_insert_iterator< std::back_insert_iterator< Container > >`, while the middle and bottom sections are empty. The entire diagram is set against a plain white background.

`wjr::is_back_insert
_iterator< std::back
_insert_iterator< Container > >`
